Volvo's The Hunt

Sponsoring Disney's Pirates of the Caribbean: Dead Man's Chest Volvo organizes a global treasure hunt.

During a 30-day journey across the Seven Seas participants visit 15 islands. Each island has a different website and its URL is the island's longitude and latitude. On every island a participant needs to find the longitude and latitude of the next island.

Over the course of The Hunt, the difficulty of the puzzles gradually increases. To get from the Sargasso Sea to Bermuda is fairly simple. The Maya Mural on Cozumel proved very hard to crack.
